Family Resources

If you are struggling at home with behavior, defiance, family dynamics, separation, death, or anything else to do with your children please lean on us to help with resources! We are here to help in any way we can.

PARENTHOOD COUNSELLING SEMINAR

A platform for parents to learn new strategies, share experiences, take care of their emotional well-being, aware their balanced roles, and get support to strengthen relationships with their children.

7:00 PM - 8:00 PM
10 MAY, 2024

Summer Vacation Days

If your family is planning vacation time or days away from school throughout the summer, please let us know sooner rather than later, so we can arrange the appropriate staff and activities.

Sunscreen and summer clothing

With summer just around the corner, the hot days with high UVs are predicted to start very soon. Not only does your child need sunscreen at school, but also a water bottle every day and a sun hat (bucket hats work best). Label everything please!

Registration Packages

Thank you to all the families who have completed the new registration packages and returned them to the centre to be filed. We are still waiting for many families to complete this process. I know some of you are moving on to kindergarten this year however, we still have to keep your children's files for 2 years after they leave the centre and licensing does look for those! Please complete the package at your earliest convenience and bring it back to the centre. This is very, very important. Thank you!

Family Fun Field Day

As mentioned before, we have created a special afternoon planned to celebrate our parents and all they do for us. We ARE NOT going to be doing the Mother's Day tea or the Father's Day event that is shown on the calendar. We are going to merge the two celebrations and have a family fun day! **Please note our centre closes at 2:30 pm that day. 3Pm the fun begins!**
